

Homelessness and Employability in Scotland

Shelter Jan 2008

The employability pipeline

Step 1 - structuring chaotic lifestyles --->

Current policy context

- Homelessness legislation/ HTF recommendations
- Workforce Plus/ MCMC
- Welfare Reform
- Skills for Scotland

Joined up thinking!

A chance to work for all?

Amongst other things, welfare reform offers:

- 80% employment rate
- Equip individuals with skills
- Jobs pledge – 250,000 job opportunities

Who are the 20%?

How will this be delivered?

- Changes to benefits system
- Workforce Plus – more provision for early stages and in-work support
- Skills policies (for low skilled?)
