

New lives for rented housing?

John Blackwood

***Director, Scottish Association of
Landlords***

Where are we now?

- What has been achieved by a more proactive interest in the PRS by the Scottish Government?
- What results have been achieved?
- How have landlords reacted?
- How have landlords viewed legislative change?

What does the future hold?

- What still needs to be done?
- Is there a benefit in further legislation?
- Will the PRS become a better housing provider for the 21st Century?

Answers on postcards please 😊
